Typical drive in spanish hills !!

jUST IN CASE THE REVIEW ABOUT THE ROADS PUT YOU OFF - IT REALLY IS not AS BAD AS PORTRAYED !! I have only spent 2 hours driving in Spain prior to this holiday. If you have ever been into the Spanish hills then you know what to expect. 5 minutes off the motorway brings you to the door of the villa. Dirt track is at most 50 to 100 feet long but not too steep - just drive according to road conditions and there should be no problem - IE stay in first and second gear! Villa had what we needed, fans were available as were cushions for the sunbeds outside, basic cleaning materials were available on arrival. All in all a good stay, good location, excellent villa for the price !
